Three Film Stars Get $1,000,000 a Year Each

Motion Picture Business, at Pinnacle of Success, Sees No Sign of Waning Popularity—Tax Talk Stops Boasting of Profits

By GEORGE M. PARSONS

T he question of what the 1919 season may bring, and what the trends will be that will influence the industry of motion pictures has long been a matter of interest. The industry is one that is constantly changing and in which women, men, and children can be seen in various types of attire, often in a variety of settings and situations. The industry is known for its innovations and for its ability to captivate audiences with its storytelling, music, and visual effects. As the industry evolves, so do the audiences that watch it, and the impact of motion pictures continues to grow. The industry is seen as a powerful force that can shape public opinion and influence society in various ways. As such, it is important to understand the history of the industry and its evolution over time. The industry has experienced many changes and challenges, but it continues to thrive, with new technologies and platforms emerging all the time. The future of the industry is uncertain, but it is clear that it will continue to play a significant role in society and culture for many years to come.
